

1025040706 Jiang Haowen's drawing assignment

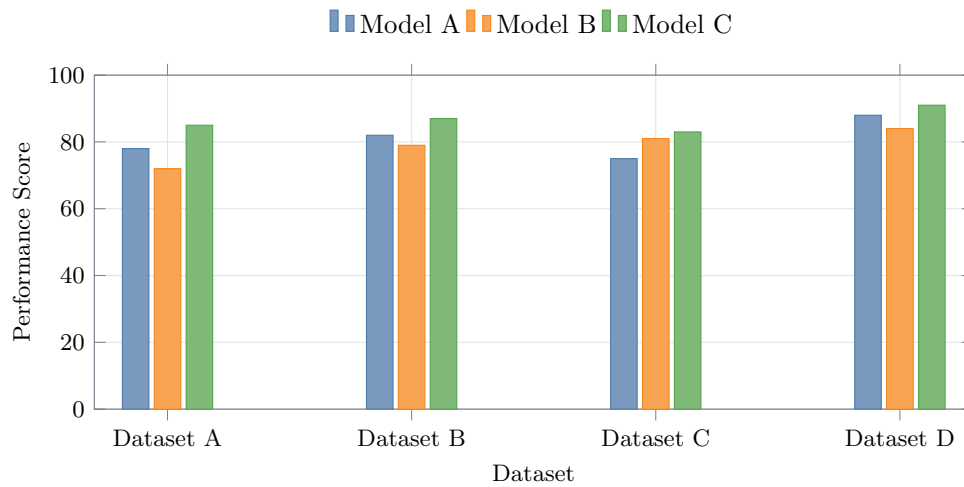

Figure 1: Grouped bar chart comparing model performance across datasets.

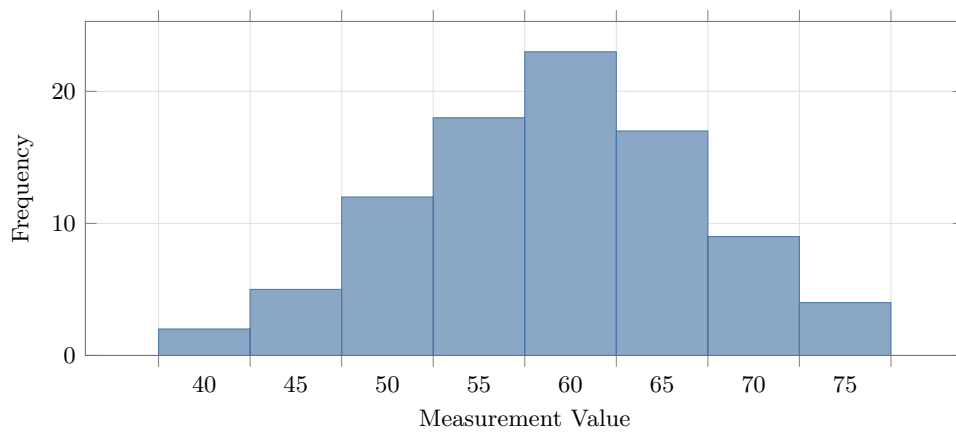

Figure 2: Histogram showing the distribution of measurement values.

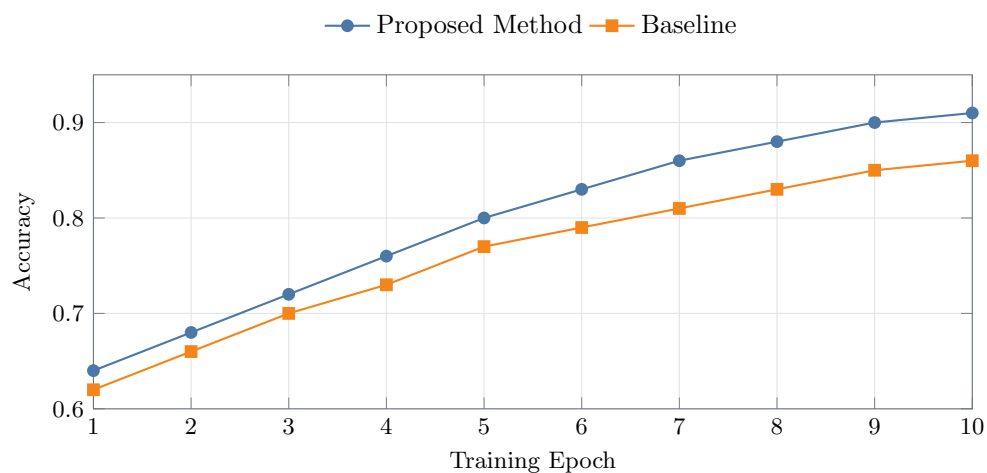

Figure 3: Line chart showing accuracy changes over training epochs.

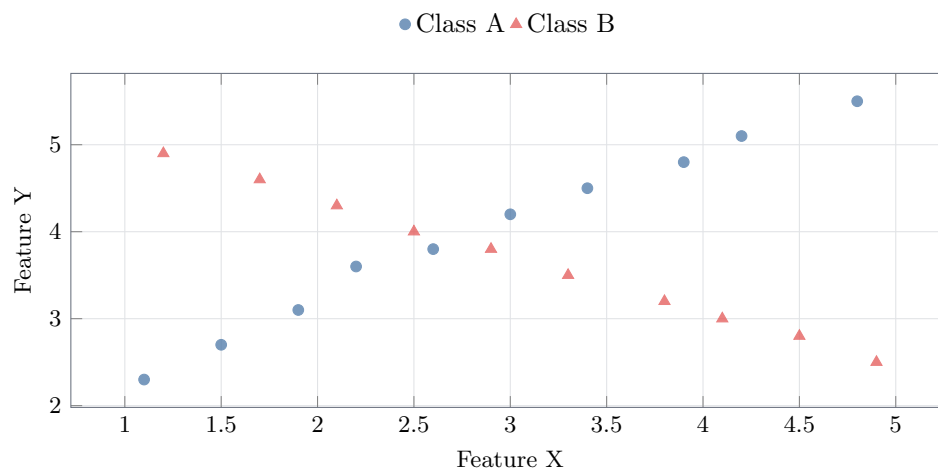

Figure 4: Scatter plot showing two synthetic feature groups.

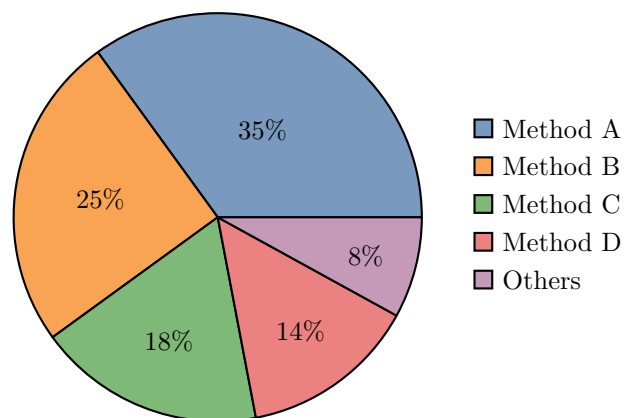

Figure 5: Pie chart showing the proportion of different methods.

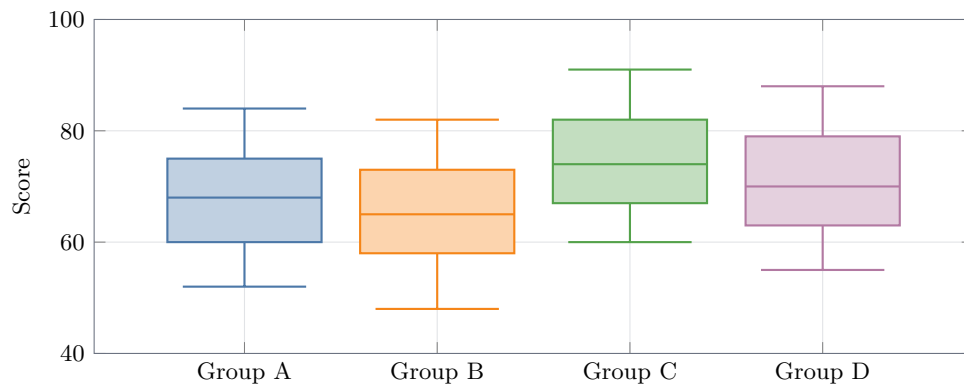

Figure 6: Box plot showing score distributions across groups.

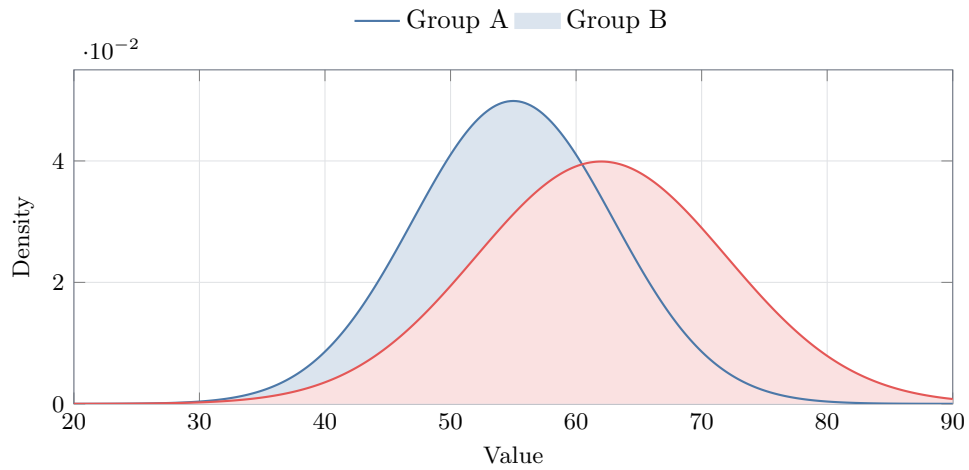

Figure 7: Density plot comparing two synthetic distributions.

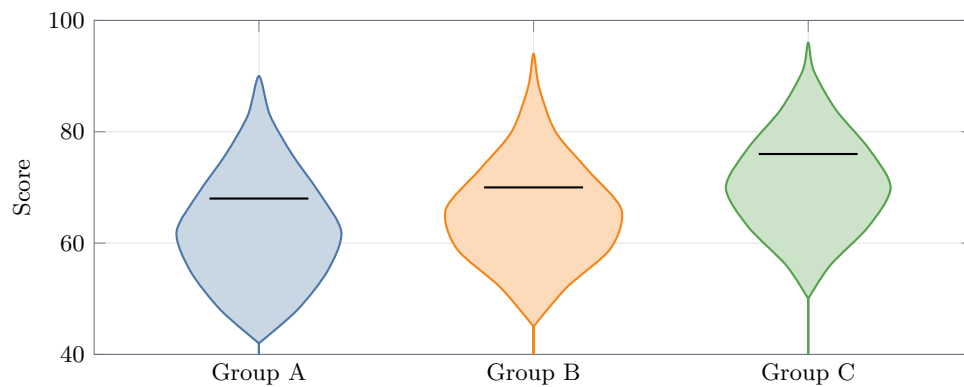

Figure 8: Violin plot showing synthetic score distributions.

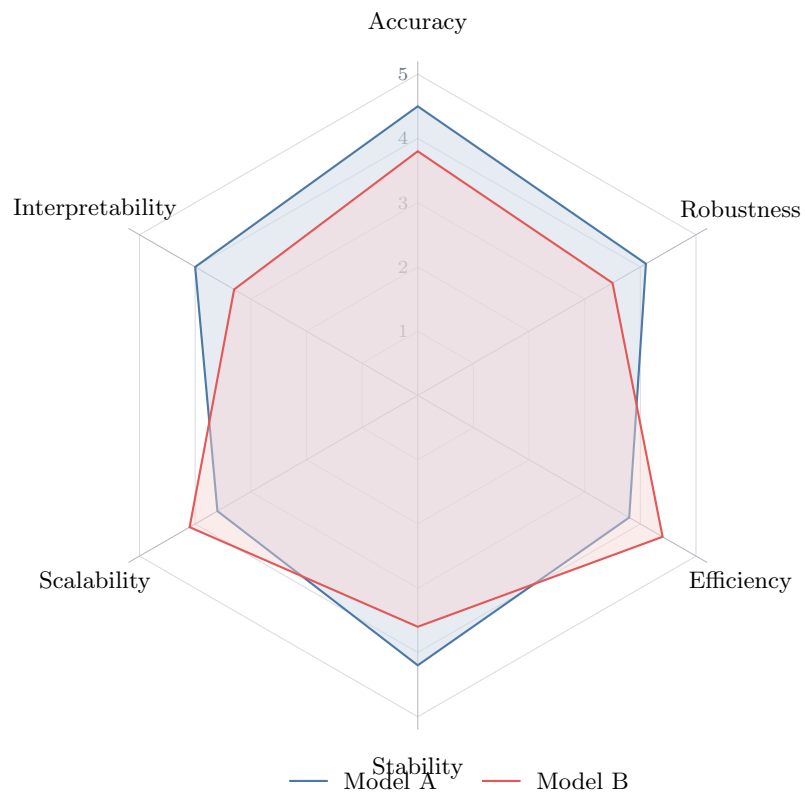

Figure 9: Radar chart comparing two models across six evaluation dimensions.
